## 2025 Blue Ridge Riding Club

### Arena Etiquette

- **Left shoulder to Left Shoulder:** Riders should try to ride in the same direction. If this isn't possible then the left shoulder to left shoulder rule should apply.
- **Slow on the Outside, Fast on the Inside:** Slower riders should ride against the rail including those doing schooling such as lateral work etc. Riders working at a faster pace such as a lope or canter should stay on the inside of the arena (off the rail).
- **Pass on the inside and do not cut riders off:** Try not to pass between a horse and the rail. If you must, announce your intentions. When passing don't return to the rail until there is at least a horse length. Do not cut riders off.
- **Be Courteous:** If riding circles or working a horse in the middle of the arena, be thoughtful of others also working in the middle. If on the rail, be courteous of riders working in the middle. Do not ride into their circles or lunging pattern.
- **Be Respectful:** Be respectful of other riders and their abilities and if they are having problems with their horse.
- **Be kind to your fellow riders:** This includes but is not limited to anyone monopolizing the arena or bullying, intimidating or in any other way making an unpleasant experience for a fellow open rider.
